TRAIL'S END—orange-red and copper..	2.00		
TRANQUILITY—dark lavender .....	.50		

---

\* Starred varieties—Tobie introductions.

We consider it important for customers to see the irises in bloom before ordering, as the variations in tone and carriage are very great.

We replant our iris in the months of July and August—the earlier the better. They should be well rooted in soil before the arrival of early frosts.
